Thursday, March 4th, 2010

Dear Extended Day Families,

We would like to gather you together to discuss possible options for Extended Day programming for the 2010-2011 school year. As many of you may know, last year our Board of Education decided that the 2009-2010 school year would be the last year for the Extended Day program to be run but Niles Elementary School District #71. We have investigated alternatives for you and would like to share this information and gather your feedback.

Please join us for an informational meeting on Thursday, March 11th at 5:30 PM. We will meet in the board room. Child care can continue to be provided in the Extended Day room.

Sincerely,

Dr. Kristen Ninni, PhD
